Carpet Shampoo Stains: Our Carpet Shampoo services do not include stain removal services. During Carpet Cleaning, the technician will assess the stains and will quote you extra to remove the stain. We do not guarantee 100% on a stain removal process. Sometimes stains can fade up to 80%.

Initial Inspection upon Arrival/Final Walkthrough: When our cleaners first arrive at your property they will perform a walk around (with you if you are present) in order to review the service against the quote provided. Should any changes be required (e.g. additional time is required), we will contact you immediately and before any work is performed. There are some items that need to be dealt with at your end like property rubbish. A professional cleaner may not be able to take this away from your property.

As we always say, it's important to have a walkthrough and sign the final walkthrough checklist on the day of Cleaning. This is crucial as it lets you know if all of our work is up to your standards. Sometimes you may find that your schedule does not align with the end of our cleaning service time. We recommend that you ask a member of your family or friend to take care of the cleaning final walkthrough. If you're not satisfied with the clean and want it redone immediately, please tell the cleaner right away so that we can fix it to avoid any disputes in the future. **Our cleaners will happily reclean the addressed areas right away.**

If for some reason you are not present for the final walkthrough, or you did not sign that Final Walkthrough Checklist, we will consider our service to be 100% completed. You agreed that we comply with consumer rights.
